As the society develops rapidly, parents increasingly hope to lay a solid foundation for their children's future development. Thus, they prefer international schools that feature a global vision and remarkable teachers for their children.

Adopting specially designed curriculum linked with the overseas education system or International Baccalaureate Organization (IB), international schools advocate activity teaching method with English as the medium of instruction in the principle of all-round development, which will facilitate students' English improvement. Its interactive teaching method thus become popular among students and parents. By now, there are 50 international schools in Hong Kong but demand still exceeds supply. In order to be admitted by the ideal school, parents and children are faced with severe challenges.

Do you want to get your children enrolled by a suitable international school? Do you know your children's thinking model? Which learning model is the best for them? Choosing a suitable school is a learned skill which requires strategy and techniques. Our professional consultants are at your service. Please feel free to contact us for details.
